BULK DISPENSING

JUG PUMP, 4-PACK JUG PUMPS AND CADDY

A

A. #10 Jug Pump

Turn the revolutionary new #10 Pour, Store, & Pump Jug into a convenient dispenser. Just remove the lid and replace it with the pump. Dishwasher safe when valve is removed.

HDS #101 \$10.00

B

B. 4-Pack Jug Pumps

We offer jug pumps at a lower price when purchasing a 4-pack.

HDS #354 \$23.68

C

C. Jug Pump Counter-Top Fixture

- Holds two Heinz #10 Jug units side-by-side
- Black with textured finish
- In a commercial dishwasher, safe up to 250°F.
- Dimensions are: 16" W, 5.5" H, 7.5" D

HDS #225 \$30.00

Distributor Pack (not shown)

- Now packed in 40 pumps per case for greater cost savings

HDS #420 \$180.00

MAX-EVAC PUMP

- The Heinz Max-Evac offers an increase of 15 fl. oz. of product per #10 container dispensed. The system is durable at 1.5 million pumps before failure.
- That is 2,000 cases of product!

HDS #375 \$113.90

VOL-PAK® VALVE

- Used for gravity back-of-house dispensing
- Valve flow rate is 20.22 oz. per second

HDS #102 \$9.00

VOL-PAK® RACK AND VALVE SET

- Rack and valve set used for gravity dispensing in the back-of-house
- Rack is mounted to a wall
- Valve is first threaded onto Vol-Pak® bag, then bag is placed in rack
- Kit includes one rack and one valve
- Rack dimensions are: 14.5" W, 13.75" H, 7.75" D
- Valve flow rate is 20.22 oz. per second

HDS #103 \$26.00

VOL-PAK® CAP REMOVER

- Heavy-duty, made of reinforced plastic
- Allows easy removal of travel cap from Vol-Pak® products
- Increases ease of cap removal
- Dishwasher safe

HDS #107 \$4.02

VOL-PAK® COUPLER KIT AND CAP SET

Coupler Kit

- Used to connect Vol-Pak® bags to powered and some manual dispensing systems
- The only connector in the market that can connect Heinz Vol-Pak® products to dispensing systems

HDS #104 \$33.50

Coupler Cap

- A replacement coupler cap

HDS #106 \$4.02

POUCH CLIP

- Clip is approximately 8" wide
- Used to close Heinz pouch package condiments after they are opened

HDS #227 \$4.02

DISPENSER PACK ADAPTER KIT

- Adapter allows connection of Heinz Dispenser Pack Products to Heinz Smart Choice™ Pumps as well as powered dispensing systems
- Ideal for lower-volume usage—for example, when volume of mayonnaise or barbecue sauce is not as great as ketchup or mustard

Instructions

- Adapter with piercing mechanism threads into the back of the CPC connector cap. (Cap portion provides valve on bag side)
- Cap is then snapped into CPC body portion on pump. (Body portion provides valve on equipment side of connection)
- Wash daily along with CPC cap portion

HDS #228 \$32.16

To Order Call 1-855-57HEINZ (574-3469).

HEINZ DispenSaver™ Condiment System

**GET UP TO AN EXTRA BOTTLEFUL
OUT OF EVERY GALLON. ENOUGH
FOR 12 EXTRA SANDWICHES.¹**

The new Heinz® DispenSaver™ Condiment System helps you put more of the condiments you pay for onto the foods you serve, instead of throwing them away.

- Efficiently dispenses up to 99% of dispenser pack contents, compared to about 90% yield from other bulk packaging options
- Clean system virtually eliminates all contact with contaminants
- 96% less trash and 76% less packaging than the leading rigid containers
- One machine satisfies all your bulk condiment needs
- Takes less than 5 seconds to fill squeeze bottles, ramekins and other containers

Only use Heinz Dispenser Pack Products. All other products may damage the unit. Use of non-Heinz Dispenser Pack Products voids all warranties and Heinz is not liable for any resulting damages.

For a video demonstration, visit www.heinzdispensaver.com.

¹90% yield from average 1-gallon jug equals 115.2 ounces; 99% yield from dispenser pack yields 126.7 ounces per gallon or enough to dress 12 extra sandwiches based on average 1-oz. portion.

To Order Call 1-855-57HEINZ (574-3469)

Customers should contact manufacturers directly for a system consultation – contact information is provided for your convenience. The manufacturer will help you determine the best system components for your operation.

POWERED DISPENSING SYSTEMS

Dispensing systems powered by CO₂ or electricity can be connected to Heinz 3 gallon Vol-Pak® products as well as 1.5 gallon Dispenser Pack products. They are ideal for high traffic locations or back-of-house applications. Most manufacturers are willing to build the components into a system to meet your unique needs.

Customers should contact manufacturers directly for a system consultation – contact information is provided for your convenience.

The manufacturer will help you determine the best system components for your operation.

To connect Heinz Vol-Pak® products (3 gallon), use the Vol-Pak® Coupler Kit available through the equipment manufacturer, or by calling 1-855-57HEINZ (574-3469).

To connect Heinz Dispenser Pack products (1.5 gallon), use the Dispenser Pack Adapter Kit available through the manufacturer, or by calling 1-855-57HEINZ (574-3469).
